Dear MEC Gabru,

Please find attached:

- Letter sent today to Ms Lindela Sophothela with details of costs and final proposal.
- Letter originally sent immediately after our meeting on Sept 29 2008.
- Quotations.

As I said to Ms Sophothela, our members, which are in every high school in Khayelitsha, join us in expressing our appreciation for your willingness to assist in this matter. These young people feel that their voices have been listened to, and that their democratic rights have been affirmed by their government.

We offer ourselves as partners in fixing the education system.

Sincerely,

Doron Isaacs
Coordinator – Equal Education
